ADMISSION GUIDELINES

The admissions process at Campion School requires all prospective pupils to have to an interview with the Headmistress in the Junior School or the Deputy Head/IB Coordinator in the Senior School. School reports from the past two years and the learning support form signed by a parent are necessary to conduct the academic interview and are to be sent prior to interview. Parents of children in need of learning support should also submit the written results of diagnostic testing.

General Admission Procedure Nursery-13

Non-native English speakers will be asked to sit a diagnostic English exam. Younger pupils may be given an oral test instead.

Candidates who pass the exam will interview with the appropriate educational advisor.

Candidates may be asked to supply a letter of reference upon request.

Following an offer of a place in the school, formal admission requires the submission of the following:

1. Completed ‘Application for Admission’ form;
2. Completed Health Form;
3. Copy of birth certificate OR passport;
4. A recent photo
5. Payment of the registration fee.

Admissions Policy

Entry into the IGCSE programme

An overall grade point average in the Greek system of 15.5 is normally expected from Greek candidates as well as a standard of English equivalent to the Lower Exam. School reports from English-language educational systems will be assessed for a comparable standard.

Entry into the IB Diploma programme
Candidates who are non-native speakers are expected to possess a command of the language commensurate with Proficiency level English. Pupils applying from the British system should have a minimum of five A-C passes at GCSE. Greek applicants should have an average of at least 16.5 for the previous academic year. Other educational systems will be assessed to a similar standard. Applicants who are accepted are expected to sign an IB student contract with the school.

Special Circumstances

It is recognized that an applicant’s performance may be affected by particular circumstances. In such cases, further information may be required such as an aptitude test, a psychologist’s report or samples of the applicant’s work.

Additional Factors

In the case that it proves necessary to decide between two or more candidates who meet the admissions requirements, preferences will be given in the following order:

1. A child who has a sibling already at the school
2. A child whose parent is an alumnus of the school

English Support

Additional language support is provided free of cost for those who require it to help them access the appropriate curriculum. The school will consult with the pupil and parents, as appropriate.

Disability and Special Educational Needs

The school has limited facilities for children with disabilities but will do all that is reasonable to accommodate children that the school feels it can assist. Parents of a child who has any known disability or learning difficulty need to provide the school with full details in writing, including the results of any testing, in order that the school can make an accurate assessment of the child’s needs. If special educational needs or a disability become apparent after registration, the school will consult with parents about reasonable adjustments that may allow the child to continue at the school.
